

Byron Copping
Carpet and Flooring

2 February 2010

Dear Byron,

On behalf of my mother and father-in-law we would like to thank you for the very professional service they receive from you and your team. The carpet you laid throughout their bungalow was done so with the upmost care and attention, and bearing in mind you was not very well that day, you completed the job to perfection.

Rose and Peter would like me to pass on their gratitude to you for making their home their own.

Thank you again

Kind Regards

Damon Theobald
