I am writing to say how much I appreciate the mortgaging services of Simon Hannam of Positive Solutions and heartily recommend him to other individuals and businesses.

We have recently reviewed our mortgage with Simon and in just 24 hours he secured an unusual mortgage for us which reduces our current mortgage commitment and gives us amazing flexibility which we didn't know was in our grasp. It is not stretching it to say he has enabled us to plan in place a different lifestyle which offers us greater long term security.

His practical advice was a great bonus and his illustrations of how the new mortgage would place us financially were clear.

I would not hesitate to recommend Simon's services to others.

A handwritten signature in purple ink that reads 'Alan Carter'.

Alan Carter  
Director Active Heating Services
